SENGETIEDU PLATFORM

One platform for every school, from ECD to university.

Attendance, teaching, results, fees and families on every phone. Three editions, one foundation, built in Zimbabwe for how schools here really work.

Three editions. One foundation.

FACULTIES, PROGRAMMES, CAMPUSES

Sengeti Campus

Universities and colleges

For administrators, lecturers and students across faculties, programmes and campuses.

- QR code on the screen that changes every 15 seconds
- Lecture notes, announcements and a forum per module
- Programmes, curriculum and module registration

FORMS 1 TO 6

Sengeti Senior

Senior schools

O-level and A-level, with students signing in on their own phones.

- Students' own sign-in: timetable, homework, quizzes, marks
- Mark book, report cards with comments and positions
- Online exams with extra time for named students

ECD TO GRADE 7

Sengeti Junior

Junior schools

Built around parents' phones and keeping families in the loop.

- Parents told at once when their child is absent
- Report cards approved by the head before parents see them
- Gate check: who may collect each child

Shared by every edition

Attendance
Phone registers that work offline, with alerts to families and reports for the head.

Fees and payments
Invoices, receipts, debtors, sponsors, and paying from home with EcoCash or card.

Notices and events
Events, trips, sports and emergency messages, with replies.

Messages
In the app, push notifications, SMS and WhatsApp; families choose how they hear.

Assistant
Powered by Claude: balances, homework and absences answered in the app, on WhatsApp or by SMS.

Reports
Executive dashboard, early warnings for learners at risk, analytics and an activity log.

Families see your school, not ours.

Your brand everywhere

Sign-in page, every screen, browser tab and home-screen icon, receipts, payslips, reports, Excel exports, SMS and WhatsApp.

Straight to your school

Each school gets a code and a QR code. Enter or scan it once in the app; from then on it opens your school's sign-in.

Only your own door

The code finds your school, nothing more: everyone still signs in with their own account. Codes can be reset at any time.

Safe, private and yours

Secure sign-in

Two-step sign-in, locked accounts after wrong passwords, and sign-out from every device.

Your data stays yours

Each school's data is private and separate, backed up daily, and the head can download everything at any time.

Support only with permission

Our support team can look, read-only, only while the head allows it, and every page they open is listed.

Made for the region

Country, time zone and phone formats per school; English, French and Portuguese.

Running in four weeks

WEEK 1

Set up

Your school with its logo and colours, terms and classes, and learners, staff and parents imported from Excel. Your school code and web address are ready.

WEEK 2

Head and office

Training for the head, deputy and bursar: fees, receipts, notices and reports.

WEEK 3

Teachers

Training on their phones: registers, homework, marks and timetable.

WEEK 4

Families go live

Parents and learners get their sign-in and your school code by SMS, with a one-page guide.

Simple pricing

A licence per learner per term, invoiced in advance, plus a one-off fee for setup and training. Hosting, backups, updates and support are included.

Support you can reach

A named person at Sengeti for your school, by WhatsApp, phone and email, and a help centre inside the app.

See SengetiEdu in your school.

Book a free demonstration. We set it up with your school name so you can picture it in use.
